Ward 1 Councilor Margaret LaForest speaks at Red Door Real Estate to local real estate agents

Red Door Real Estate hosts event for local real estate agents with guest speaker Margaret LaForest

Quincy, MA – (November 17, 2011) Ward 1 City Councilor Margaret LaForest stopped by Red Door Real Estate today to speak to local real estate agents. Margaret was invited to speak on topics ranging from blithe properties to revitalization projects throughout Quincy and Ward 1. With so much attention on the redevelopment of downtown Margaret feels it is important to inform locals of additional projects helping to revitalize Quincy, which may be overlooked.

The event, a monthly broker tour for local real estate agents was hosted by Red Door Real Estate and attended by over 25 agents. Madelene Cheney, owner of Red Door Real Estate and a close friend of Margaret thought she would be the perfect speaker for the event. Margaret is a lifelong resident of Quincy and her family has been in this city since the 1800's. "Quincy is very undervalued," states LaForest, "consider me one of the best cheerleaders for Ward 1 and our city." Margaret was excited to outline details on projects such as the new the \$6 million restoration of Broad Meadows Salt Marsh which will provide a waterfront park for Quincy residents, a new Stop & Shop gas station on Southern Artery and a brand new \$30million YMCA which is exciting in itself but will also help to dress up the transportation gateway to the new downtown.

As Margaret addressed the crowd she joked about getting interested in politics many years ago when helping the campaign to elect Madelene Cheney's father-in-law Michael Cheney, former Ward 1 City Councilor and Councilor and Large for Quincy. Local agents were impressed by Margaret's enthusiasm for our city and were able to take away a better understanding for all that our city has to offer.
